DISCUSSION

Members discussed Edison Park. What was needed to be done to equipment and what is working well. Members want to start working on getting playground equipment there as soon as possible.

Members also discussed J.C. Park were a member might have a donor to help offset the cost for a playground at this location. As far as smaller projects go for this location we are working on a water fountain being placed here.

Members also discussed Leonard Park. More parking is needed and hoping to put something together that works best for our needs. Bathrooms is one more idea, adding some to the west side of the park so that those on the west side don't have to walk as far to reach them.

Members discussed lighting or reflective paint on Cross walks on the walking Trails. It would help those that are walking the trail but those that are driving at night can see. We will be looking into options that would work best. Also hoping to sponsor with someone to help offset cost of lighting options.

Upcoming projects is signage upgrade for all parks.

ADJOURN

The meeting adjourned at 6:19 p.m.
