As the owner of a dock on Moss Lake, I understand that the City of Gainesville, Texas, has the right to access my dock by water or over land to inspect the dock and/or water pump. Should the City of Gainesville find the dock dilapidated or in violation of any other provision of the City ordinance, the City may order me as the owner to remove my dock. If I fail to do so, the City may remove the dock at my expense. Furthermore, I understand that the dock must be permitted annually with the City of Gainesville, and that the permit plate must be attached to the dock and visible from the lake. Failure to permit the dock annually will result in a \$250 fine plus the fee for the permit. As owner of a dock and/or water pump on Moss Lake, I hereby accept these terms.
